A French Provincial Masterpiece  
with a Touch of Kyoto in  
Muckleneuk

---

In the tranquil, leafy suburb of Muckleneuk in Pretoria lies the

# Saint Lucius Hotel & Spa,

a luxurious sanctuary where the timeless elegance of French provincial design meets modern sophistication. This stunning boutique hotel captures the essence of refined luxury with a warm, contemporary ambiance that makes every guest feel at home. The ethereal building, with its soft hues, tall windows transports visitors to the French countryside, while inside, an atmosphere of comfort and elegance prevails.

Surrounded by lush gardens, the outside lounge areas are the perfect place to relax and take in *the beauty of nature.*

Plush seating is arranged under vine-covered pergolas, where guests can enjoy a tranquil morning coffee, an afternoon aperitif, or an evening under the stars. These spaces blur the lines between indoors and outdoors, offering a seamless connection to the hotel's beautifully landscaped surroundings.

At Saint Lucius,  
indulgence comes in  
many forms,

including the adorable brunch  
spots tucked away in corners of  
the property.

With their cozy, sun-drenched ambiance, these cafes  
serve delightful pastries, fresh juices, and gourmet  
breakfast dishes, making them the perfect start to  
any day. The charm of French country living shines  
through every bite and sip.

For a more elevated dining experience, the rooftop restaurant offers sweeping views of Muckleneuk's greenery and Pretoria's skyline.

As the sun dips below the horizon, the rooftop transforms into an enchanting space where guests can enjoy innovative cuisine that fuses French classics with modern flavors, accompanied by an impressive selection of wines and cocktails. The combination of exceptional dining, warm ambiance, and stunning views creates a dining experience that is truly unforgettable.

# A walk through the picturesque green garden reveals...

beautifully curated flower beds, winding pathways, and quiet corners perfect for moments of peace and reflection. With vibrant blossoms and serene greenery, the garden is an idyllic retreat that enhances the hotel's natural charm.

The image shows the interior of a traditional Japanese onsen bath. The walls and ceiling are made of dark, curved wooden slats, creating a dome-like structure. In the foreground, there are wooden benches. A metal basket filled with smooth, grey stones sits on one of the benches. A small metal bucket with a wooden handle is also visible. The lighting is soft and warm, creating a tranquil atmosphere.

Adding to the hotel's uniqueness  
is its Japanese-style spa,

...designed to make guests feel as though they've  
just stepped into the tranquil city of Kyoto.  
Minimalist décor, soft lighting, and natural wood  
elements combine to create an environment of  
pure zen.

The spa offers traditional Japanese  
treatments, including onsen baths and  
hot stone massages, all in a setting  
that feels like a serene escape from the  
world. Every detail has been crafted  
to ensure a sense of calm, offering  
guests a profound sense of renewal.

At the heart of  
this serene oasis is  
the floating pool,

a breathtaking architectural  
marvel that seems to hover  
gracefully over the garden.

The pool's reflective surface mirrors the  
surrounding greenery and sky, providing  
an ethereal experience whether you're  
swimming or simply lounging by the  
water.

The award-winning  
service at Saint Lucius  
Hotel & Spa sets it apart,

Whether it's a bespoke dining experience, a  
tailored spa treatment, or simply the  
anticipation of every need, the staff ensures that  
every moment is marked by luxury and care.

# Saint Lucius Hotel & Spa is not just a hotel,

but a destination where  
the elegance of French  
provincial design meets  
the tranquillity of  
Japanese-inspired  
relaxation.

It's a place where  
guests can escape,  
indulge, and  
rejuvenate in the heart  
of Muckleneuk,  
surrounded by nature  
and the finest in  
luxury.
